

AI PUBLISHING SYSTEMS LICENSING

This licensing framework provides structured access to Andrew L. Witherspoon’s proprietary AI-powered publishing system. It combines the **Trilogy Architect Prompt** and the **Universal Generator Prompt**, enabling rapid creation of market-ready nonfiction trilogies. Licenses include training, support materials, and defined usage rights based on tier.

Licensing Packages

Service	Tier	Price	What You Get
Training-Only Workshop	Entry Premium	\$997	Structured 2-hour workshop covering framework usage, prompt design, and application. Includes reference notes and sample outlines. <i>No licensing rights — educational access only.</i>
Prompt Architecture License (Personal)	Premium	\$2,500	Single-user license. Includes the 2-prompt stack (Trilogy Architect + Universal Generator), 2-hour structured walkthrough, and a starter pack of thesis/title ideas. Non-transferable. No resale rights.
Prompt Architecture License (Professional)	Premium+	\$4,500	For consultants and independent professionals. Includes everything in Personal License, plus niche-specific thesis/title libraries and expanded training for client deliverables. Limited client-use rights allowed. Raw prompts may not be resold.
Prompt Architecture License (Enterprise)	Enterprise	\$10,000	Full enterprise license for agencies, publishers, or training organizations. Includes everything in Professional License, plus advanced title libraries, extended training, and commercial use rights across teams.

			Resale of outputs (books, courses) permitted. Resale or distribution of raw prompts prohibited.

Licensing Terms

- **Ownership:** All prompts remain the intellectual property of Andrew L. Witherspoon.
- **Usage:** Licensed per individual (Personal/Professional) or per organization (Enterprise).
- **Restrictions:** Redistribution, resale, or sublicensing of raw prompts is strictly prohibited.
- **Outputs:** Books, articles, and courses created with the system are fully owned by the licensee.
- **Compliance:** License may be terminated if terms are violated.

Support & Deliverables

- Structured training session(s) included per tier.
- Usage guides, starter packs, and/or thesis libraries provided.
- Ongoing support or custom consulting available via separate agreement.

*This sheet is normalized to align with existing service tiers: Entry Premium (workshop access), Premium (personal use), Premium+ (professional client work), and Enterprise (commercial scale). Each tier escalates in scope, rights, and deliverables.
